

ATTACK ON ALBANIAN CAPITAL IS REPULSED

MUSSELMEN FANATICS DEFEATED BY TROOPS OF PRINCE WILLIAM

Durazzo, Albania, June 15.—The government troops under the personal leadership of Prince William today repulsed a strong attack on the Albanian capital by Mussuilmens insurgents.

At the outset of the fighting the insurgents gained an advantageous point, but after Col. Thompson, the Dutch commander gendarmerie, had been killed Prince William placed himself at the head of the defenders and succeeded in silencing by rifle fire the artillery force after three hours fighting.

Hundreds of residents of the city have taken refuge on the warships and merchant vessels and others have taken refuge in foreign consulates.

The rebel forces, most of whom were followers of Essad Pasha, a Mussuilmens, have been concentrating in the mountains east and northeast of this city and during the darkness of early morning they moved upon the eastern outskirts in a supreme attack.

Heavy rifle fire aroused the city from sleep and reinforcements were rushed to the outposts to support the hard pressed regulars. The small arm fire became incessant and as soon as the position of the main body of rebels was located artillery was turned.

Bullets swept the city and shells from the old fashioned cannon captured by the rebels at Tirana last week did much damage to buildings.

The rebels did not pay any attention to the foreign flags but swept the entire city.

Prince William was in the palace when the battle broke out but his friends urged him to go on board a warship. The defenses of the city are weak and the capture of the city a strong probability.

The attack today came as the climax of an uprising which followed the accession of Prince William to the throne of Albania. The Albanians are naturally a warlike race and objected to outside interference in their domestic affairs. They refused to pay taxes and the thousands of Mussuilmens among the population refused to recognize Prince William because he is a Christian.

Scottown Citizen Shoots A Neighbor

London, O., June 15.—A war-rant today charged Lemuel Enochs with shooting William Ryan through the breast with a pistol yesterday near Scottown, near this county. The ball passed near Ryan's heart, but he will recover.

Enochs, who is a brother of former Congressman General William H. Enochs, surrendered to a constable and was held under \$1,000 bond for a hearing before Magistrate Kingery tomorrow. Both men are over 50 years of age.

PRESIDENT SIGNS THE TOLL BILL

Washington, June 15.—President Wilson signed the Panama tolls repeal bill as amended in the senate and agreed to by the house, at 10:59 o'clock today.

Mr. Wilson signed the bill with a quill used by President Harrison in signing the international copyright law in 1891 and by President Taft when he signed the Pan-American copyright treaty, the Lincoln Memorial bill and the act incorporating the National Institute of Arts and Letters.

WOMAN'S CLUB ELECTION ON TUESDAY

Chicago, June 15.—That Mrs. Percy Pennington, of Texas, would be nominated president of the general federation of women's clubs, was the general opinion when the nominating committee of that organization convened today to prepare the slate. The biennial election will be held tomorrow.

Mr. Samuel T. Sweeney of Tiffin, Ohio, now second vice-president, is a candidate for the first vice-presidency. Members of the state delegation conducted a hot campaign in an effort to obtain membership on the board of directors. Florida and Kentucky have asked for directors on the board, but Maine, it was said, might obtain a directorship.

Washington, June 15. Another march on Washington is planned by the suffragettes as the result of endorsement of their cause by the Federation of Women's Clubs at Chicago.

President Wilson will be asked to receive a deputation of suffrage club women headed by Mrs. Harvey W. Wiley on June 30. The demonstration came as the climax of a campaign for favorable action on the suffrage amendment by the house rules committee on July 1.

PISTOL DUEL ON TRAIN

Elwood, Pa., June 15.—Peter Brown, of Buffalo, was perhaps fatally wounded; Clarence Davis, of New Castle, Pa., was seriously hurt in a pistol battle with the police on a Pittsburgh & Lake Erie railroad train. The men were wanted for highway robbery at Butler, Pa.

PRESIDENT WILSON WILL NOT CONSENT TO LEGISLATION DELAYS

Washington, June 15.—President Wilson today emphatically declared he will not consent to the plan espoused by Majority Leader Underwood for an immediate adjournment of congress until after election, the administration's trust bill then to be taken up at a special session.

The president told newspaper men there "is plenty of evidence that the so-called business depression is being manufactured to force delay."

"Business is healthy," he said, "and an organized campaign to prove the contrary is doomed to be defeated."

"As a matter of fact," the president said, "the only thing that could happen for business would be a delay of several months with business men kept in the dark regarding the plan of the lawmakers."

He stated so far as he was concerned "he was in favor of the entire trust program going through."

He believes it has been demonstrated there was much delay in the disposition of the canal tolls bill and a part of this was attributed to prevent trust legislation.

In support of the president's view, copies of letters and telegrams circulated among business men asking for adjournment of congress without consideration of the trust bills and praying for the freight rate increase being asked by the railroads and calling for a halt of the attacks on business.

One of the circular letters which came into the president's hands was written by E. C. Simmons, head of the Simmons Hardware company of St. Louis, and was sent broadcast throughout the Southwest. The writer said his business was far below normal because of the uncertain freight rate advances and the anti-trust litigation at Washington.

Another letter was written by W. P. Amnell, president of the Pictorial Review company of New York, asking its representatives to send form letters to the president and most legislators demanding that all proposed trust legislation be abandoned for the present.

President Wilson told callers that he would stay in Washington all summer in order to push through his trust program.

DOG BITES AN OFFICIAL

Columbus, O., June 15.—W. D. Heffernan, state budget commissioner, started today to take a 21-day treatment here for rabies which, it is feared, will develop as the result of his being bitten by a pet bulldog at his home here Saturday.

Federal Reserve Board Is Named

Washington, June 15.—It was learned definitely at the White House today that the personnel of the federal reserve board will be as follows:

Paul Warburg, of New York; Adolph T. Miller, of San Francisco; W. C. T. Harding, of Birmingham, Alabama; Thomas J. Jones, of Chicago; Charles S. Hamlin, of Boston, at present assistant secretary of the treasury; Secretary of the Treasury, Mr. Adoo, and Comptroller of the Currency, Mr. Williams.

President Wilson will not nominate a governor of the board at this time.

BILLY SUNDAY'S HOUSE ROBBED

Colorado Springs, Colo., June 15.—Billy Sunday, during his first week at Colorado Springs, has scored several important successes. He has addressed numerically, the entire population.

His audience last night, the largest yet, totaled eight thousand. The commencement exercises of Colorado college and the Colorado Springs high school have served to keep down the attendance and the open air band concerts just inaugurated here for the season have also served to have a detrimental effect on the attendance.

The collection last night reached a new record and totaled \$1,838.00.

This served to offset somewhat Sunday's loss of jewelry and other valuables stolen by burglars who invaded his temporary home while the services were going on last night.

In his campaign here Sunday has already overcome many adverse conditions and is winning his way in grand style.

Great results are expected next week when the invitation will be extended for the first time.

Victorious Rebels Lose Thousands In Front Of Zacatecas

Mexico City, Mex., June 15.—Telegraph reports received at the capital today from Zacatecas say that the losses of the constitutionalists in the battle at that place are estimated at 3,000. General Medina Barron, who commanded the federal garrison, has been promoted to the rank of general of a division.

Rebels Capture Three Towns

Torreon, Mexico, June 15.—Gen. Natera has been wholly successful this far in his attack upon Zacatecas and has captured the three villages of Guadalupe, Mercedes and Grillo within the past twenty-four hours, according to reports received from him today at Constitutional headquarters.

General Natera stated that his losses had been slight, but that the federalists suffered heavily, losing not only many men, but quantities of guns and ammunition.

The movement southward of rebel troops continued all day Sunday, and was resumed at daylight today.

The final assault upon Zacatecas will not be made until Gen. Villa arrives on the scene with his heavy artillery.

Mediation Progress Most Satisfactory

Washington, June 15.—Secretary Bryan conferred at length today with President Wilson over the progress of Mexican mediation and immediately afterwards dispatched a long telegram to the American delegates at Niagara Falls, which, it is understood, concerned the character and personnel of the proposed provisional government and the attitude of the Mexican delegates who object to a provisional executive with constitutional leanings.

Mr. Bryan would not discuss his conference with the president, but said that mediation was progressing satisfactorily.

Colombia Treaty To Cause Bitter Fight

Washington, June 15.—That a fight in the senate overshadowing in bitterness the Panama canal struggle was certain, was the statement of Secretary Bryan when he transmits to the senate the proposed treaty with Colombia and Nicaragua. In the former this country expresses regret that anything has occurred to impair friendly relations, with Colombia and award \$25,000,000 as a pension to her injured feelings and the loss of territory through the Panama revolution.

The Nicaraguan treaty extends the Platt amendment affecting Cuba over Nicaragua giving the United States a protectorate over it and pays Nicaragua \$1,000,000 for the Nicaragua canal rights and naval base at Fonseca Bay. Secretary Bryan admitted today that he expects a bitter fight on the amendments.

NO RATE DECISION.

Washington, June 15.—No decision was made on the five per cent advance in freight rates by the interstate commerce commission today.

SPECIAL SESSION OF THE LEGISLATURE MAY BE CALLED BY GOV.

Columbus, O., June 15.—That Governor Cox is figuring on calling a special session of the legislature to reduce the levy, because known today by letters sent out to county auditors by State Auditor Vic Donahay.

In his letters Donahay says: "The state levies certified to you sometime ago by this department may be subject to amendment, as Governor Cox has taken up the question with the department of attorney general with a view to reducing the state levies as much as possible. Therefore, hold the books in your hand in abeyance until you have further word from this department."

As the making of the state tax levy is a matter of legislative enactment, the only way to reduce the 1914 levy is to call the legislature into session. The court budget commission will meet in August this year to make up the budget. If a special session is called it must be called before that date.

The 1914 tax levy amounts to .961 of one mill on basis of the 1913 land tax duplicate, which was \$6,681,659.158. The 1914 levy would produce \$6,620,497 revenues.

The chief reason for reducing the 1914 levy is said to be the new Warren tax law which will add from six hundred million to one billion of new taxable property to the tax duplicate throughout the state and will raise the state's grand duplicate to more than seven billion dollars.

Insane Woman Kills Boy And Shoots Self

Livermore Falls, N. Y., June 15.—The murder of a six-year-old boy by his mother was discovered today by county officials who were called to Jay to investigate the tragedy. They found Mrs. William Brown, wife of a prosperous farmer, had shot herself through the head last night after hanging her only child from a hook in the ceiling. Mrs. Brown, who is 38, has been despondent since the death of her parents a year ago.

HARRY K THAW IS DENIED BAIL

Washington June 15.—Harry K. Thaw was today denied release on bail pending consideration by the Supreme court of extradition from New Hampshire.

The court also declined to grant the request that Thaw be taken to Pittsburgh in custody of Sheriff Drew, of Cross county, New Hampshire, to testify in the settlement of his father's estate.

Judge Aldrich, of New Hampshire, ordered Thaw's release on bail and this will also be passed upon by the Supreme court.

Italian Rioters Set Fire To A Church

Bologna, Italy, June 15.—Rioters today set fire to the cathedral, the Church of Peace and the Church of the Holy Cross in San'Agostino on the Adriatic after sprinkling the doors with petrol, stolen from the store. Cavalry arrived in time to save the cathedral, but the interior of the other churches were devastated and only the walls remain of the Church of the Holy Cross. A detachment of 200 sharpshooters arrived on a torpedo boat to assist in preserving order.

A stretch of 100 yards of railroad track between Modena and Mantua was torn up by strikers today and thrown into adjacent fields. At the same time telephone poles at Mirandola were uprooted. Soldiers are repairing the railroads.

RE-ORGANIZE CHICAGO BANK IS THE PLAN

Chicago, June 15.—C. B. Munday, vice president of the closed La Salle Trust & Savings bank, announced today a new scheme to straighten out the affairs of the bank. Organization of a new bank which will purchase the assets of the La Salle Street bank and continue its business is the plan. Munday did not discuss again his statement of last night regarding the fund of \$1,000,000 which he said friends were to advance to help in the organization of the bank.

Yes sir, this feelin' I've got today is quite extensive. I've just proven I myself and the public that I've got the weather situation in hand at last, and that from now on dope will be just as I made I order. How's that? No more hot weather! I didn't say that! I said "made I order" - get me! Here's for tomorrow: Ohio—Fair and somewhat cooler tonight. Tuesday fair. Kentucky—Fair and cooler tonight. Tuesday fair.

VINDICATION SEEKERS.

Ex-Governor Sulzer in becoming a candidate for the executive office again probably desires vindication. Ye know people are given to vindicating the most undesirable reprobates and they apparently take a delight in it. No sooner had Sulzer been impeached and thrown out of the office of governor than he became a candidate seeking vindication and was elected state senator. Over in Kentucky a man who was convicted several times for murder of another statesman and pardoned asked for vindication and the people rose up and elected him to congress several terms and will likely do it again this fall. Whether these vindications are to be indeterminate is not known, but the fellows are continuing to work on the credulity of the people whom they cannot possibly represent as they should be represented and are elected to place and power. In the Kentucky case the Eleventh congressional district is without creditable representation in congress. No recognition is given their member socially or officially by practically all of his colleagues from his own state or by the controlling power in Washington. He cannot possibly do anything for his district and never did without the help of the distinguished Bradley who has passed away. Such are incidents of vindication that have been worked for all that is in it. How long will maudlin sentiment prevail to the injury of our country and its righteousness?

DESTROYING THEIR CAUSE.

The English are slow to arouse, but they are upon the eye of it in the militant question which means the complete destruction of the cause in that country. The women over there have conducted themselves worse than the night-riders of Kentucky and are not deserving of any respect or mercy. Home burning, property defacing and other outrages should be met with the strong arm of the law and will be if one is not mistaken in his estimates of the efficiency of British jurisprudence.

THE CASE OF "PIN" AND "PERK."

Before adjournment the South American mediators should be called upon to arbitrate if possible the differences between Messrs. Pinchot and Perkins before the little matter bursts into sanguinary warfare. It remains to be seen just what steps the colonel will take in the premises when he comes face to face with the dilemma. "Pin's" brother is a candidate and his break with "Perk" was but a four-flush to fool the labor people in the Keystone state, and probably was framed up all around. However, the eyes of the politician and others are upon this alleged break in Bull Moose circles.

THE END NOT YET.

Those gentlemen who have lost an much energy and voice in opposing the plans of the President would feel very much relieved if the voting on the canal bill had ended it all, but it does not and they will have to go before the people at home to tell them over and over again why they did it. This is one of the regrettable periods of politics for words uttered in arduous debate are often hard to explain.

What's next now? The canal talks light having completely overshadowed the Mexican fuss that has become tiresome to everybody, the only matter left in which there can be a row created is whether the colonel will let us pay for a little "shennanigan" on his part down in the neighborhood of Colombia. Of course the little matter cannot be settled without a row with him, and the thing to do is to get fixed and go at it just like we loved it.

When a horse bolt strikes the talisman and is gracefully sliding with an apparent lacking of sand, it takes considerable self control and the highest degree of credulity to properly discuss the causes, why-fors and whies in the premises, and all a gentleman can do is to hope for the best, or pray for rain.

The faith of the people of those Ohio cities that adopted eastern time will be sorely tried the coming winter when the shop whistle calls them out while the stars are twinkling on the frost in the moonlight.

To hear the people talk all the error committed in this world is found in baseball and printing.

The very latest order to be organized is the Order of Serpents. It is supposed that each member is required to carry upon his person the necessary remedy as he creeps along.

From what can be gleaned from the dispatches there is much evidence that the Emperor and a few other papers will have to pay the regular price to float their causes through the canal.

There isn't but one shortness of crop reported in Ohio and that the oats or A, but to even up the list the crop of candidates is unusually heavy and correspondingly full.

The army of unemployed is marching away from the wheat fields as usual and is now fully four hundred miles away.

THE HAIR QUESTION.

One of the astonishing features or rather intermissions of forgetfulness on the part of the ladies of the Woman's Club conference, was there was not the slightest reference to hair, and it is supposed that we will continue to rob the graves of the Chinese conies to get a switch or one of those billy-goat toques to bring to us the appearance of youth. The hair question is far more important to several persons than the tariff proposition, and there was much hope expressed roundabout that the delegates would get to that point in their argument where there would be pulled off a thorough exemplification of the real and unreal to the edification of the audience, but they didn't.

FIRST BAPTIST NOTES.

The men's class of the First Baptist church had a good attendance, 43 being present. In the absence of the teacher, Dr. McAlister, Prof. S. O. Eckhart taught the lesson found in Luke 18:9-14. The friends of the sinners, the parable of the Pharisee and the Publican caused quite a discussion in which practically the whole class took part.

After a great deal of discussion on the Prayer of the Pharisee, the teacher said the prayer was one of self-righteousness in that he mentioned God's name but once and referred to himself five times, in fact he practically put his arms around himself.

The question came up whether it was right for a person to thank God that they are not like others. Brother Miller said in some cases he thought it proper that is we may pass a bar room and feel grateful that we need not go in and partake as others do, and when we meet one who is drunk and in bad shape our hearts may go out in sympathy for them it is then that we may be thankful to God that we are not like them.

Prayer, Eckhart considered the prayer of the Pharisee of a different nature. It was one of self-righteousness and boasting, he boasted of what he reserved but for what he himself had done.

The contrast in the prayer of the Publican was great, in place of exalting himself and boasting he humbly bowed before God and asked for mercy on him a sinner, as in Matt. 9:13 we read, "But thou when thou prayest enter into thy closet, and when thou hast shut the door, pray to thy Father which is in secret." It is the secret in silence that rules the world.

In the second part of the lesson we read that the Pharisee was not poor for Zaccarius was a tax collector and was a very rich man.

In his case we saw that it was not the Pharisee who was poor but the Publican and second, a really poor man.

Brother P. O. Jones, of the class, said that he had never met a man who was as poor as the Publican.

Brother A. H. Jones, of the class, said that he had never met a man who was as poor as the Publican.

To Use Fire Hose On Rude Passengers

Hammond, Ind., June 15.—The city authorities of Hammond are planning to use fire hose on Pullman passengers of both sexes who lie in their berths these hot nights without pulling down the shades.

A score of east and southbound trains on the Erie, Michigan Central, Nickel Plate, Monon and Chesapeake & Ohio Railroads reach Hammond from Chicago about the time the passengers have retired. The stations are in the heart of the shopping districts filled with crowds from theaters and shops going home.

Men, accompanied by wives, daughters and sweethearts, have been compelled to witness some unusual sights. Pullman passengers in all stages of undress gasp in their berths, awake and asleep, as the trains stop. Last night seltzer bottles were used on some of the sleepers, but with little effect.

A woman, nearly dressed as Eve, on an Erie train, with her berth lighted and shades drawn, slept unconscious of a riotous crowd on the Hoffman street crossing.

POLITICS

Among the latest candidates to file petitions in the various counties of this district were the following:

Brown county: For Representative, Democrat, R. R. Stivers, Mason; Republican, Frank Dunham, Fayetteville.

Adams county: For Common Pleas Judge, Republican, C. E. Rohrbach, West Union; Democrat, W. P. Stephenson, West Union; J. R. D. Kessler, Pordies.

Sheriff Had Quiet Day

Saturday was one of the most quiet days in the history of the sheriff's office, at least that of recent years. At three o'clock Saturday afternoon, neither Sheriff Eckhart or his deputies had been called upon to perform a single service in connection with their official duties, a most unusual happening. The number of prisoners in the county jail is the lowest it has been in months.

Only seven being incarcerated there at the present time. Among them is "Sherry" Horton, the tramp shoe-maker who was arrested about seven weeks ago for a violation of the Selby injunction and who was later remanded to jail by Judge E. C. Corn, of Ironton.

Will J. Friel and Charles A. Boer have returned from a short business trip to Detroit. They went up to drive Attorney Ed J. Dueller's new Chalmers Six to Portsmouth. They made the trip in fine style, not meeting with a hitch. They left Columbus at 3:30 Saturday afternoon and were in Portsmouth at 7 o'clock.

Miss Gray of Columbus, Ohio, visited her brother, Thomas Gray, who was injured in the freight wreck at Vera last Thursday morning, at the Thompson hospital Saturday morning. Mr. Gray is getting along as well as could be expected.

Picking Up Money

Using these columns is pretty much like picking up money on the streets. Walking is small effort, you wear out a little the harder, the money you pick up is clear gain, if you can't find the owner.

So it is little effort to telephone your "want" to this paper, your carrier will collect the little cost—only 2¢ cents a word each insertion—and the little ad is altogether likely to get for you what you want.

The Successful Man

MORE than nine times out of ten you will find that the successful man began his success by first being a prudent man. He early learned the value of saving and began putting his surplus in bank. There is character and force about the man who has money in bank. He begets confidence in himself and confidence and credit from the community. He becomes recognized as safe and dependable. Opportunities begin to come his way and having some means he is the better able to profit by them.

The first step towards success is saving. We want to help you in that step and we offer you the security and facilities of our bank. One dollar will open a savings account and we allow interest on all savings deposits and compound the interest.

The Movies

Columbia Tonight and Tomorrow
The program at the Columbia this evening consists of two very interesting pictures: "Mr. Bunny Buys a Hat for His Wife" is a real comedy from beginning to end; "The Dawn" is one of the most interesting and beautiful pictures we have shown for some time.

For tomorrow Manager Tynes announces "The Southerners," a three reel reproduction of the book and play of that name. It deals with some of the most important events of the Civil war, including the "Battle of Chickamauga" and Farragut's entry into Mobile bay. This is a great historical picture and is filled with an intensely interesting love story, which will hold your interest the entire length of 3,000 feet of film. Remember tonight and tomorrow at the Columbia.

At The Exhibit Theatre Tonight
"Our Mutual Girl," the real thrilling feature of the motion picture world, will be shown at the Exhibit theatre tonight. This

feature is a weekly one and this will be its sixteenth week. Manager Law has hundreds of patrons that look forward eagerly to the coming of "Our Mutual Girl." The one tonight is without a doubt the best of the many so far shown. It not only shows off the girl's acting to wonderful advantage, but tells a gripping story—her encounter with a burglar so realistic as to imagine oneself in the grip of the robber. Don't fail to see this great feature tonight—you will want to see them all. Manager Law also has a splendid drama, entitled "The Miniature Portrait," a one reel production, that for excellence is hard to match. The Monday night shows at the Exhibit are always good—just the kind one will highly enjoy. Come out tonight and spend a pleasant and profitable hour. Not a dull moment during the entire performance and the admission is only 5 cents. The Exhibit is cool, comfortable and sanitary, while the orchestral music cannot be surpassed.

THEATRICAL

As A Woman Does
Tonight at Millbrook park the Casino Players will unroll the big surprise they have been working on the past few days, and will present one of the best and strongest comedy dramas of the day. The story fairly leaps with human interest and keeps on keyed up to the highest pitch. There is one scene in it so thoroughly tremendous as to make you fairly gasp with wonder and excitement.

"As a Woman Does" is a wonderful play from every standpoint. It is bristling and overflowing with heart interest. The love story is a beautiful one in which the lovers have worlds of trouble before matters are finally settled happily. There is plenty of comedy, too, of the rare rich brand that rounds out the main story to perfection. This is furnished by Mr. Reagan and Miss Barnett as a secretly married young couple and the times they have in trying to keep their secret is exceedingly funny.

Seriously "As a Woman Does" is a tremendous undertaking. One act showing the backyard of a boarding house is sufficient to tax the ordinary producer's mind and ability heavily. The Casino Players' production, however, will be complete. The new scenic artist, Mr. Cravens, is one of the best in the business.

You will do a wise thing to make your reservations for this play now. Matinee Thursday and Saturday.

MOOSE WILL INSTALL

The newly elected officers of the Loyal Order of Moose will be installed by Dick Richards, deputy supreme dictator, Tuesday evening. A social session will follow.

Normal School Opens

The Portsmouth Normal School opened with an enrollment of 89 Monday. The sessions will be held in the high school building and Prof. Frank Appel will have the assistance of Mrs. Alice Mackintosh as a teacher. On Tuesday classes in algebra, physical geography and latin will be taken up.

BRAKEMAN IS INJURED

R. J. Abdon, an N. & W. yard brakeman, was injured about the hips when caught between two cars and rolled at the East Portsmouth Terminals, Sunday afternoon.

Abdon had been riding on one car and misjudged the width of another that was in bad order. He was removed to Hempstead hospital in Lynn's ambulance and after his wounds were dressed was taken to his home on Twentieth street.

WOODMEN AT MEETING

Twenty-five members of the Modern Woodmen of America, including the degree team of the local lodge under command of Captain Earl Puckett, left Portsmouth Sunday morning in a special Pullman car for Toledo, where they will be in attendance at the state encampment of the order this week. The degree team is entered in the competitive drills during the week. Past Consul Thomas Patterson, the county auditor, is the delegate from the local lodge.

STUMBLES IN RACE AND ARM IS BROKEN

The spirit of hunter that is ever prevalent around summer camps resulted in Louis Miller, general manager of Juke Finkels' cafe sustaining a broken arm, Sunday.

While at Theo. Pierson's camp on the West Side, Sunday, Miller challenged Pierson to a foot race. Both men are long and heavy and short on wind so they decided to match their running skill much to the amusement of the other guests. After the preliminaries were made Pierson and Miller were soon puffing down a dusty road with honors about even.

Suddenly they ran into six inches of sand. They stumbled and fell and rolled over and over. When they got up pain was pictured in Miller's face and he was holding his left arm. Dr. George W. Martin was called and he found that Miller had broken his left forearm in the tumble.

TO MAKE IMPROVEMENTS AT 1ST PRESBYTERIAN

Radical improvements are being made in the First Presbyterian church and Sunday school room at Third and Court streets. The interior of both are being refaced, a toilet will be placed in the gymnasium, the lighting system is to be switched all round and two new class rooms will be added to the church. A new entrance is to be made to the basement from the outside, which will be used by the primary pupils. In the fall the church proper is to be repainted and the exterior is anticipated as much as possible.

Big Trade Brewing

According to a story given out in Charleston by President Penneywitt, of course, a trade will soon be pulled off that will bring Emmett Cain to the old field for the West Virginians. It is said that these Senators will be led for Cain, who wore a Portsmouth uniform for several seasons.

Umpire Kuhn Had An Exciting Time

A few moments after Sunday's in Millbrook it looked like real war was about to be started when Lexington players encircled Umpire Kuhn and threatened to use him. Umpire Kuhn grabbed hold of the diamond and held him and this caused the trouble. Portsmouth players rushed to Umpire Kuhn's assistance and no blood was spilled. Deputy Sheriff Pete Smith was on the job and he led Crouch and several other rebellious Colts off the battlefield. Of course, many fans looked to the diamond and it looked like trouble was imminent, but the Lexington players refrained from assailing Kuhn and the storm soon subsided.

ODDS AND ENDS

THE MAN WHO KNOWS

IT'S MORE TO MASTER A HARD LIFE THAN BE MASTERED BY AN EASY ONE

TODAY'S VERSE

Oh, how I love my folding bed,
I wake up standing on my head,
I've had it now for many a day
And I have learned to sleep that way.

It is a pessimistic couch
Which seems to harbor one deep
groan.

Though to make friends with it
I've tried,
It shuts its mouth with me inside,
I leap into its bosom vast
And hope that leap is not my last.
I wake up every morn, all right,
Although I'm squeezed up pretty
tight.

But still, I think it's one safe bet
That folding bed will get me yet.

Not Catching
Fishing may be contagious,
but it's not always catching.
Rev. C. S. Robertson and Charles
Tracy will vouch for this fact.

We're Ready
It is about time to start to get
ready for the usual unsafe and in-
sane Fourth.

Our idea of nothing worth doing
this hot weather is sleeping
on a feather bed.

Something Wrong
The man who doesn't think
longingly these days of the old
swimming pool had a mis-spent
youth.

The Dickens They Do!
The new Oliver Twist and David
Copperfield suits the little
boys are wearing look like the
Dickens.

Up and Down
What goes up must come down,
but all of the garden seed that
goes down, don't come up by a
long sight.

Apparently the war is to be
finished before the declaration of
war is made.

Merry Mary Stuff

That started up his "sixty-six",

She chewed it loud and slow,
And every place that Mary went
The gum was sure to go.

is the occupations itself rather than
the returns that fascinates.

Salts Fine For
Aching Kidneys
We eat too much meat, which clogs
kidneys, then back hurts and
bladder bothers you.

Most folks forget that the kidneys
like the bowels, slough and clogged
and need a flushing occasionally, else we
have backache and dull misery in the
kidney region, severe headaches, rheu-
matic twinges, torpid liver, acid stomach,
sleeplessness and all sorts of bladder dis-
orders.

One simply must keep your kidneys
active and clean, and the moment you
feel an ache or pain in the kidney
region, get about four ounces of Jael
Baths from any good drug store here,
take a tablespoonful in a glass of water
before breakfast, for a few days and
your kidneys will then act fine. This
famous salt is made from the acid of
grapes and lemon juice, combined with
lithia, and is harmless to blood clogged
kidneys and stimulates them to normal
activity. It also neutralizes the acids
in the urine so it no longer irritates,
and ending bladder disorders.

Jael Baths is harmless, inexpensive,
makes a delightful after-dinner lithia-
water drink which everybody should take
now and then to keep their kidneys clean,
thus avoiding serious complications.

A well-known local druggist says he
sells lots of Jael Baths to folks who believe
in overcoming kidney trouble while it is
only trouble.

Maccabees Observe
Memorial Sunday

Sunday was the day set apart by members of Local Tent of Maccabees No. 494 to honor their dead and the day was impressively observed by this splendid fraternal organization.

After the graves of those who have answered the final summons were decorated in Greenlawn cemetery, the members marched to the Second Presbyterian church where they heard a most excellent and appropriate sermon delivered by the pastor, the Rev. Charles S. Robertson. There was special

music and the services were beautifully carried out. Rev. Robertson spoke upon the value of fraternal love and dwelt at length upon the strength found in fraternalism. During the past year the Grim Reaper was very lenient with the Maccabees only two members of their order being cut down, Leroy Stevenson and Floyd Hayslip. This year's memorial committee was composed of A. T. Shultz, George Floyd, Noble Black, Lowry Warnock and Kinney Yates.

K. OF P. HONOR DEAD

Following their annual custom members of Magnolia and Massie Lodges K. of P. met in Greenlawn cemetery Sunday morning at 6:30 o'clock and decorated the graves of their departed brothers. The usual ritualistic service was carried out after which several beautiful bouquets were placed on the last resting places of each member, who has gone to his reward. The memorial committee this year was composed of Henry Becker, Ed Becher and Clyde Barber.

Ben Hur Memorial
Impressive Event

Headed by the River City band, members of the Ben Hur quartette, marched to the cemetery where beautiful and impressive ceremonies were carried out in memory of those of the order who have passed away.

At the head of the procession were Chief Charles Spratt and Past Chief Joseph Dierker. Then came Captain Watts and drill team of Junior girls; Capt. Bowser and drill team of young men and the ladies platoon; lady members of the court; men of the order; carriage, containing the speaker, Rev. John W. Dunlap; Henry L. Cline, chairman of the memorial committee; Chas. J. Miller and Cynthia Warner. At the cemetery the ceremonies were held behind a row of elms, near Kinney street.

The program was as follows: Song, "Rock of Ages," entire assemblage.

Speech by H. L. Cline.

Song by Ben Hur quartette.

Reading of the names of the six members who have died within the past six months: Charles Young, Sadie Patton, Mrs. Wm. McLeod, Mrs. Mattie Womack, Charles Eckhart and Charles Morrison.

As each name was called, six pretty girls, members of the Junior drill team, laid upon a vacant chair a beautiful bouquet, the chairs being arranged in the form of a triangle.

Selection by band.

Address by Rev. John W. Dunlap.

Prayer by Charles J. Miller.

Closing hymn, "God Be With You Till We Meet Again."

Decoration of the graves.

In the sixteen years that the Ben Hurs have been in Portsmouth there have been 62 deaths among members.

O. R. C. And Ladies
Honor Their Dead

The local Order of Railway Conductors, No. 234 and their Ladies' Auxiliary, local 262 joined in the annual memorial celebration Sunday. The O. R. C. has 11 members, 42 at present.

A committee of five ladies of the Auxiliary, Mrs. J. O. Soper, Mrs. A. H. Workman, Mrs. J. C. Meyer, Mrs. C. S. Brown and Mrs. L. H. Davis, went to Greenlawn cemetery Sunday afternoon and decorated the graves of the departed members, one, Conductor R. L. Gilmore, of No. 351, and two ladies of local 262, Mrs. Fred Weinbaum and Mrs. David Besh, are the members of the Ladies' Auxiliary that have passed away.

Conductor R. L. Gilmore was killed in a bad freight wreck near Radon, O., in 1907.

A number of the ladies of the Auxiliary attended Monday church in a body Sunday evening, when Rev. L. E. Hart delivered the memorial service. The pastor chose as his subject, "The Signs of the Times." A sermon that was very appropriate for the memorial day exercises of the railway conductors was delivered by Rev. Hart.

Memorial

Explosion
Kills Six

Columbus, O., June 15—Six workmen were killed, 8 fatally injured and 5 more or less seriously injured in a gas explosion which occurred while a gang of 30 laborers, nearly all foreigners, were laying a loop of pipe for a new station of the Ohio Fuel Supply Co. Sunday morning.

The accident was due to the blowing out of a pipe coupling, followed by the lighting of a match by a workman. A sheet of flames, 50 feet high, enveloped the gang, all of whom were in a deep ditch. All of the city ambulances were used in taking care of the dead and injured.

Philadelphia—To satisfy the blue-jacket's sweet tooth the government has ordered 30 tons of candy and 50,000 packages of salted peanuts for the Atlantic reserve fleet, stationed at the local navy yard.

A. H. Torgas, who was admitted to the Hensland hospital several days ago for treatment, was reported better Monday.
